

Älvkarleby Fishing

Among the best salmon and sea trout waters in Europe. The fishing is divided into three sections where salmon and sea trout is mainly in section A. The B/C section is mostly for pike, pikeperch and perch. In Älvkarleby section A one of its Swedish records is 27.97 kg for salmon in running water.

Season

The fishing premier is the third Saturday in March and lasts till November 30. Best fishing time is April-July and September-October.

Species & Records

Dalälven record – section-A: salmon 27.97 kg; sea trout 13 kg; zander 10.3 kg; Pike 15.1 kg. Very large whitefish, e.g. vimba, silver bream.

Fishing Service

We sell fishing equipment adapted to fishing for salmon and sea trout, as well as arranging for fishing guides and locating fishing equipment for hire.

Location & Transfer

Arlanda airport - Älvkarleby 118 km,
 1hr 12 min // Stockholm city -
 Älvkarleby 151 km, 1hr 29 min //
 Nynäshamn - Älvkarleby 208 km, 2hr
 14 min // Malmö-Älvkarleby 751 km,
 7hr 49 min.

Equipment & tactics

Use a reel or a bait-casting reel with 0.45-50 mm nylon line, 10-11 foot rod. Maybe a 2-handed fly rod with heavier lines. Use a single-hook or tube fly and a 30-90g sinker, which you cast, letting it float with the current. Even a 25-50g trolling spoon.

Regulations

Lead, live bait and braided lines are not allowed. Max 3 salmon-like fishes/day/person. Minimum size: sea trout 45 cm; salmon –50 cm.

Other activities

About 15 km to the zoo and amusement park Furuvik, 10 km to the Rullsand ocean camping. Around 30 km to the city of Gävle.

Languages

At Älvkarleby Fishing Camp we speak Swedish and English.
