

Fly-fishing course, 1 day

You'll get basic know-how about how to fly-fish in our lakes and rivers. We run through the equipment and polish you casting technique. The we travel to a lake with game fish and try fly-fishing on site. We offer either coffee and a snack or prepare our own catch. A full day that includes equipment.

Included in package:

Included in package // Six hours with an experienced instructor, fishing licence, transport to and from the lake, simple repast and equipment rental.

Price fr. 1100 SEK/pers

Welcome to an exciting, environmentally focused fishing experience. Our well-trained fishing guide knows the local area well and is very safety oriented. We recommend the Catch and Release philosophy and our catch, if unhurt, is always released after being photographed. Fishing licence is included.

Camping 45

Camping 45 offers excellent fishing opportunities in an environmental spirit. Our home is northern Värmland province where pike, pikeperch and perch are plentiful. Our peaceful forest lakes and gently flowing alpine rivers let you fish from a boat or the shore as you wish. We have boats in chosen lakes near the facility and wintertime the thick ice offers glorious days for ice-fishing. In addition to fishing opportunities, we have exciting activities for the whole family.
