

Guided evening fishing

Join us for a guided evening tour in a guide boat! Pike, pikeperch and perch are on the agenda and the chance for both large and many catches is good. A coffee break on the water is included.

Included in package:

Included in package // Experienced fishing guide, boat rental, safety equipment, fishing licence, group walk to the lake and coffee break. It is possible to rent or buy fishing equipment from us. The evening tour lasts around four hours and is open to 3-6 participants.

Price fr. 700 SEK/pers

Welcome to an exciting, environmentally focused fishing experience. Our well-trained fishing guide knows the local area well and is very safety oriented. We recommend the Catch and Release philosophy and our catch, if unhurt, is always released after being photographed. Fishing licence is included.

Camping 45

Camping 45 offers excellent fishing opportunities in an environmental spirit. Our home is northern Värmland province where pike, pikeperch and perch are plentiful. Our peaceful forest lakes and gently flowing alpine rivers let you fish from a boat or the shore as you wish. We have boats in chosen lakes near the facility and wintertime the thick ice offers glorious days for ice-fishing. In addition to fishing opportunities, we have exciting activities for the whole family.
