

Guided ice-fishing, 1 day

We'll take you to our favourite lake, give you your own ice-fishing equipment and offer you an opportunity to try different ice-fishing techniques for pike and perch! While fishing, we'll light a fire and prepare a coffee break. The tour takes about six hours, depending on the weather and your own wishes.

Included in package:

Included in package // Experienced guide, fishing licence, transport of equipment to the lake, coffee break, ice-fishing equipment you can keep. Up to ten participants.

Price fr. 550 SEK/pers

Welcome to an exciting, environmentally focused fishing experience. Our well-trained fishing guide knows the local area well and is very safety oriented. We recommend the Catch and Release philosophy and our catch, if unhurt, is always released after being photographed. Fishing licence is included. Prices: 700 SEK/person for 3 persons, 600 SEK/person for 4-5 persons, 550 SEK/person for 5 or more persons.

Camping 45

Camping 45 offers excellent fishing opportunities in an environmental spirit. Our home is northern Värmland province where pike, pikeperch and perch are plentiful. Our peaceful forest lakes and gently flowing alpine rivers let you fish from a boat or the shore as you wish. We have boats in chosen lakes near the facility and wintertime the thick ice offers glorious days for ice-fishing. In addition to fishing opportunities, we have exciting activities for the whole family.
