

## Pike & Perch Package, 7 nights

### Rörströmsälven Jakt & Fiske

The facility comprises two base camps. Camp 1 is located by Lake Lesjön downstream of the Hocksjöforsarna Rapids. Camp 2 lies upstream and is a true wilderness site in a Natura 2000 area and next to a nature reserve without road, electricity or utilities. It offers fishing in the peace and quiet of the backwoods.

Pike fishing in the wilderness. That is what it is. You and the nature. No other people around you - just you, the nature and it's silence. And the pikes of course. Send us a mail and we will give you further information! Try it - you won't regret it.

### **Included in package:**
